

SPRINKLER PIPE

APPLICATIONS

Agriculture

- Efficient use of water, fertilizers
- Safety of crops and reduction of soil erosion.

Industrial

- Checking of dust pollution in cement Industries and mining pits.

Other

- Playground and golf course maintenance.
- Land decor and beautification
- Field Irrigation.

FEATURES

- Strong, durable & leak proof
- Light weight and flexible
- Energy saving
- Inert to chemical, corrosion,
- Environmental stress
- Safe - UV stabilizer for protection from Sunlight & avoid degradation of materials
- High Quality Grade Pipe & Fittings
- Water Saving
- Long Lasting & Maintenance Free

RANGE

Outer Diameter : 63 mm to 110 mm
Pressure Rating : 2.5, 3.2, 4 & 6 kg/cm²
